

**VT Agency of Transportation**

**John H. Read, P.E.**  
*Gordon, Bua & Read, Inc.*  
*Brattleboro-Chesterfield*  
*NH BRF 012-1(33)*  
*Contract No. 0284131*

"I just wanted to thank you all (including those who worked with you) for the effort that went into the Semi-Final Plan submission. The coordination effort has been challenging considering the compressed design schedule. I am anticipating that next month we will receive VTrans comments and will notify you of a meeting date soon."

**Daniel S. Peterson**  
*Project Manager*  
*Local Transportation Facility*  
*State of Vermont*  
*Agency of Transportation*  
*Pittsford-Brandon NH 019-*  
*3(49)SC*  
*Contract No. 0284058*

"It has been a pleasure working with you and your firm on the Scoping effort done on the above project. You have done an excellent job and I look forward to working with you on the next phase of project development"

**Larry Wheeler, Project Manager**  
*State of Vermont*  
*Agency of Transportation*  
*Chelsea-Barre Town STP*  
*VT Rte 110 Intersection*  
*Waterman and Bianchi Street*  
*Mill Street and Old US Route 302*

"I believe that CLD is to be commended for doing such a fine job on producing these plans, given such a short time frame. Please extend my appreciation to your staff."

**N. Alec Portalupi, P.E.**  
*State of Vermont*  
*Agency of Transportation*  
*Roadway and Bridge Design*  
*Jamaica BRF 013-1(8)*  
*Warren BRF 013-4(14)*  
*Braintree BRS 0187(6)*  
*Cambridge BRF 027-1(4)*

"I have been very pleased with the performance of CLD Consulting Engineers, Inc. They do a superb job of keeping very complex projects moving forward and keeping me informed. They have excellent staff assigned to these projects and it is a pleasure to work with them."

**Larry Wheeler**  
*Project Manager*  
*State of Vermont*  
*Agency of Transportation*  
*Highway Construction*  
*Johnson BRF 030-2(17)*  
*Royalton BRS 0147(5)*

"CLD has done an excellent job advancing these bridge replacement projects. CLD conducted property owner meetings for Royalton in a very professional manner. Utility issues became quite challenging, but CLD had it under control. Both projects are advancing into the right-of-way phase through the efforts of CLD. Recent plan submissions for these projects were of fine quality, with minor revisions completed in a timely manner."

**Warren Tripp**  
*State of Vermont  
Agency of Transportation*

"It's been great working with CLD over the years. Not only has it been a pleasure knowing some of the staff, but also the quality of your work for VTrans has been 'top-of-the-line'. Thanks again."

**Robert F. Shattuck**  
*State of Vermont  
Agency of Transportation  
Pittsford-Brandon Scoping Report*

"I didn't get a chance to speak with you after your presentation on Pittsford-Brandon, but wanted to compliment you on an excellent presentation. The fact that there was so little discussion was because of the detail you provided yet without really 'stretching' it out. I think the scoping report itself was well done too."

## MUNICIPAL

**Ronald Loiselle**  
*Code Enforcement Officer  
and Building Inspector  
Epping, NH*

"I have worked very closely with CLD Consulting Engineers, Inc. on projects before the Technical Review Committee, Planning Board and the Town. All matters have been conducted in a very diligent and professional manner, and I have no hesitation in recommending them to anyone."

**Brenda Whitmore**  
*City Councilor  
Dover, NH*

"Great Work! This kind of cooperation and coordination doesn't just happen. I appreciate your efforts and now I am anxious to hear how Durham comes through. Thank you again for your efforts on behalf of this project."

**Debra Dineen**  
*Main Street Program Director  
Dover, NH*

"CLD has been instrumental in Dover Main Street's design efforts. Their assistance in the development of our design guidelines has facilitated strong relationships with our stakeholders and resulted in positive incremental changes in the appearance of our commercial district that are in keeping with our rich historic architecture."

**Alan Swan, P.E.**  
*Public Works Director  
Derry, NH*

"CLD Consulting Engineers, Inc. has been performing civil engineering services for the Town of Derry and the Public Works Department for many years. During this time, CLD has encountered many difficult technical design issues, which were overcome with hard work, dedication and close coordination with all parties involved."

"CLD has shown the ability to successfully work with the community and follow through on programs. They have demonstrated a high level of professionalism in handling projects of all types. The CLD team is dedicated to ensuring projects are completed successfully, within the scheduled time frame and on budget."

**E. Lorraine Madison**  
*Hudson, NH*

“CLD Consulting Engineers, Inc., has been the Town of Hudson’s Sewer Consultant since 1979. During that time they have been responsible for the design and construction administration of eight major contracts, which have included four municipal pump stations and over \$8 million in sewer construction projects. These projects were professionally handled from start to finish. We thank and congratulate the CLD team who were instrumental in bringing them to fruition. We have been more than satisfied with CLD’s services and have no reservations in recommending them to other municipalities. I applaud CLD for their team effort, ensuring the success of the projects and their positive impacts on the Town.”

**PRIVATE/MISCELLANEOUS**

**Henry Harned**

“Just a quick note to tell you, and your management, how satisfied we are with the services that CLD has provided for our subdivision. Your group is very professional when dealing/answering my questions and explained all the steps to get the subdivision approved through the town. The site team showed respect to me and their performance should be recognized as excellent.

**Thomas H. Schwieger, C.C.E.**  
*Past President  
Greater Manchester, NH  
Chamber of Commerce*

"CLD is well known as a professional leader. A review of their clients and recent projects provides significant indication of the quality of their professional services and the types of communities and organizations that depend upon their expertise on a daily basis. Their outstanding reputation is built upon outstanding performance."

**John C. Madden**  
*President  
JCM Management Company  
Manchester, NH*

"I have worked with CLD for many years and know them to be a consulting engineering firm of the highest caliber. Their knowledge, expertise and professionalism are a credit not only to them, but to their profession and to the State of New Hampshire."

**D. N. Martin, P.E.**  
*Mobil Oil Corporation  
Americans Wholesale Engineering*

"I would like to express my appreciation for the responsive and professional service that has been provided by CLD Consulting Engineers, Inc. last year. All of the individuals who have consulted or performed services on requested projects should be commended for their work in both quality and timeliness.

"Please convey to all my regards and expressions of a job

well done for the East Boston complex schematics and the Massport Metering Upgrade Permit."

**Jim Normand**  
*Governor's Councilor  
State of New Hampshire  
District 4*

Certificate of Appreciation: "In recognition and appreciation of your commitment to the preservation, revitalization and enhancement of Manchester's Millyard District, and for being the **first business office to inhabit the Millyard Buildings**. Your efforts have helped to make your community and New Hampshire a better place to live."

**Frank Hekimian, Esquire**  
*Attorney for a Salem, NH  
Commercial Property Owner*

"Retain CLD, an engineering firm that is one of the best in the state and that we and our clients will be comfortable with. Using a firm like CLD is the best way to avoid further misunderstandings and frustrations."
