

## CLD WELCOMES NEW STAFF FOR IMMEDIATE RELEASE 9 A.M. EDT, March 15, 2012

**Jeffrey A. DeGraff, Jr., E.I.T.**, joined CLD this past March working out of our York, Maine office. Mr. DeGraff's expertise as a civil engineer concentrates in water resources engineering, and structural and construction engineering. As a graduate of Clarkson University with a M.S. and B.S. in Civil Engineering, Mr. DeGraff has been involved with numerous academic projects involving water supply and waste disposal, oxygen sag curve dissolving, river hydrodynamic analysis and watershed analysis and design. He also has experience as a construction inspector which involved inspecting crews' progress in placing water, drainage and electrical lines; soil density verification, concrete field testing, and daily field reports. As a survey technician, conducted property stake-outs and topographic surveys; performed deed research and used tax/parcel maps to locate monuments/properties; and used surveyed points from field to draft survey maps using AutoCAD.
