

**MANCHESTER, NH:**

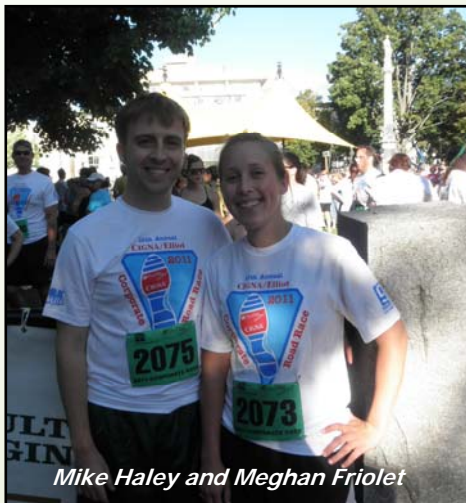

*CLD Consulting Engineers, Inc. had a great showing of team support for the 19<sup>th</sup> Annual running of the Cigna/Elliot 5k Corporate Road Race.*

*This race has drawn approximately 5,000 walkers and runners each year from all over New England. This race also has the honor of being one of the fastest races in New Hampshire where there was a sub-14 minute finish in 2003.*

*As you can see from our pictures, there was a large gathering right outside our Headquarters office in Manchester at Veterans Park.*
